OFFICE USE ONLY IDENTITY VERIFICATION

If proof of identity is required and a copy is not kept, please fill out the following.

Place of Birth	Birth Date	Birth Certificate Number	Date Issued
Other Form of Proof		Date Documentation Viewed	Person Viewing Documentation

Proof of the child's identity and age may include a certified copy of the child's birth certificate, birth registration card, notification of birth (hospital, physician or midwife record), passport, copy of the placement agreement or other proof of the child's identity from a child placing agency (foster care and adoption agencies), record from a public school in Virginia, certification by a principal or his designee of a public school in the U. S. that a certified copy of the child's birth record was previously presented or copy of the entrustment agreement conferring temporary legal custody of a child to an independent foster parent. Viewing the child's proof of identity is not necessary when the child attends a public school in Virginia *and* the center assumes responsibility for the child directly from the school (i.e., after school program) or the center transfers responsibility of the child directly to the school (i.e., before school program). While programs are not required to keep the proof of the child's identity, documentation of viewing this information must be maintained for each child.
